## Minnesota Realtors® Coronavirus Guidelines

While the Coronavirus continues to be a growing concern across the country, MNR leadership wants to assure you that member safety and well-being are our top priorities, and we will follow the guidelines below until further notice:

### Meeting Attendance

If you are scheduled to attend an event, class, meeting, etc. and are uncomfortable traveling to our office or host venues, please contact our staff and we will explore other arrangements. If you are at higher risk, you should abide by the [CDC request](#) to practice social distancing. If possible, we will accommodate your attendance at Association meetings electronically. Please stay at home if you or your family have:

- Traveled to any of the Level 3 countries listed below
- Been in close contact with anyone who is ill with COVID-19 or has traveled to any Level 3 countries
- Been or are currently mildly ill with COVID-19

According to the CDC, older people and people of all ages with severe underlying health conditions — like heart disease, lung disease and diabetes, seem to be at higher risk of developing serious COVID-19 illness. If you are in a high-risk group, we strongly recommend you consider not attending meetings in person. Your health and safety are the highest priority.

Please contact the appropriate MN Realtors® staff person to determine if you can join a Zoom conference instead of attending in person. Our main number is 952-935-8313 or a listing of Association Staff may be found on our web site at <https://my.mnrealtor.com/network/staff>

### Travel Advisories

On March 4, 2020, the U.S. Centers for Disease Control (CDC) changed its guidelines for travelers returning to the United States from countries with a Warning Level 3 travel health notice. The list currently includes China, Iran, South Korea and Italy. Stay updated by referring to the [CDC's latest travel updates](#).

The CDC is asking people returning from Level 3 countries to stay at home for 14 days and practice social distancing (don't go to work, school or public places). People are asked to self-identify for this 14-day home quarantine. Please be aware of these new guidelines and changing alert levels if you or your family have traveled or will be traveling in the upcoming weeks.

## Stay Informed

As this information is ever-changing, we recommend that you stay up to date by visiting the CDC website, and review the [FAQ](#) published by the CDC and other information that has been published by public health agencies.

All members should take proactive actions to help prevent the spread of illnesses, including coronavirus and the seasonal flu:

- Stay home when you are sick.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water aren't available, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Cover your mouth and nose with a tissue when you cough or sneeze, or cough or sneeze into your sleeve.
- Clean and disinfect frequently touched objects and surfaces.

Please also refer to NAR's [Coronavirus Guidance for REALTOR® Associations](#).

We want to thank you in advance for your support and cooperation in ensuring our community remains safe as we face the threat of COVID-19. We will continue to closely monitor the situation and follow guidance from health officials as needed.
